

# Obstruction Removal

## PRACTICE INTRODUCTION

USDA, Natural Resources Conservation Service - practice code 500

### DEFINITION

Obstruction Removal is removal and disposal of unwanted, unsightly or hazardous building, structures, vegetation, landscape features, trash and other material.

### PRACTICE INFORMATION

This practice applies to disposal of all types of material that prevent or hinder installation of conservation practices or present a hazard to their use and enjoyment. The purpose of

the practice is to improve site conditions in order to apply conservation practices or facilitate better use of the landscape. The site may be abandoned mine lands, construction sites, recreation areas, farms, ranches, and areas affected by natural disasters.

Additional information including design criteria and specifications are in the local NRCS Field Office Technical Guide.
